On the ground floor there is a large room, dug into the rock, and three separate rooms, usable as an office and a bathroom. 1st floor: two large rooms, one with star vaults and large windows, the other with a barrel vault. From the stone stairs you reach the basement where we find a large room with bright barrel vaults. There is a fireplace.
The floor is partly in stone, decorated with inlays at the entrance, and partly in stoneware with a chianca and antique terracotta effect.
All the windows are made of metal with shatterproof safety glass. It has a heating system with heated furniture and an alarm system.

The building is suitable for use as a commercial space, laboratory, wellness center, gym, associations of various types, but it can also be modified into an attractive restaurant venue.
