Description

In Carovigno, in the hamlet of Serranova, in Contrada Colombo, we offer for sale an agricultural land of about 9042 square meters, consisting of about 35 olive trees, where there is a ruined building of 42 square meters. It has a double exposure on an asphalt road, both to the south and to the north.

The parcel falls in the white zone of the PPTR therefore it is free of constraints of any kind. It is possible to build approximately 100 square meters in addition to the veranda, cellar and garage, according to the current regulations in force.

The countryside setting, also inhabited all year round, is an ideal solution for those looking for an exclusive space in nature to enjoy its quiet, while remaining two kilometers from the town center with post office, bar and minimarket.

7 km away we find the Protected Marine Nature Reserve of "Torre Guaceto", which can also be reached by bicycle, crossing the landscape of monumental olive trees.

The blue of the sky, the centuries-old olive trees, the red earth, the scents and colours of the Mediterranean scrub, frame this enchanted place that offers moments of peace and serenity.
