Description

In Torre Santa Susanna, in a truly strategic location just steps from the historic city center, we offer an excellent investment opportunity: a large building plot consisting of two separate lots, one measuring approximately 875 square meters and the other approximately 922 square meters, facing each other and separated by a road, for a total of approximately 1,797 square meters. The main feature of this plot is its flat nature, making it easy to build on and free of slopes or unevenness. This allows for maximum use of the available surface area and convenient construction without incurring additional costs for leveling the land. It enjoys excellent sun exposure, ensuring good light throughout the day. The area is very quiet, ideal for those seeking peace and quiet. At the same time, being right in the city center, it offers easy access to schools, offices, shops, and essential services. From here, you can also reach the main and most beautiful towns in Puglia (Brindisi, Taranto, Lecce, Bari, etc.). Brindisi Papola Casale International Airport is about 25 minutes away, while Bari Karol Wojtyla International Airport is about 80 minutes away.

Don't miss the opportunity to purchase this building land.
