Description

APARTMENT IN RICCIONE – CENTER AREA

In Riccione, on Viale Missori, we offer for sale an apartment completely renovated in 2023, located on the first floor of a building without a lift, with only 3 residential units and very low condominium fees.

The well-organized home comprises a living room, kitchen, two bedrooms, and two bathrooms. This property also includes two comfortable balconies and a large storage room currently used as a laundry room.

The complete renovation encompassed every aspect of the home, with a focus on comfort and efficiency. Features include underfloor heating, air conditioning, electric shutters, mosquito nets, and new triple-glazed windows. A modern home automation system also allows for convenient management of the alarm, heating, and cooling.

For security, a perimeter and volumetric burglar alarm system is installed, while the 2.5 kW photovoltaic system with on-site metering contributes to the high energy performance, certified as Class A4. Technical documentation relating to the work carried out is available.

The ancillary amenities are also particularly comprehensive: in addition to a parking space and a private garage on Viale Martinelli, the unit has an additional assigned uncovered condominium parking space. There is also a driveway for bicycles, easily accessible from both inside and outside the building.

A move-in ready solution, completely renovated and technologically updated, combining energy efficiency, comfort, and features that are hard to find in a single property in Riccione.
