Description

Coldwell Banker offers for sale approximately 2,800 square meters of agricultural land located in the Gaspanella district of the municipality of Vittoria. The land, classified as arable land class 4, includes a building of approximately 92 square meters, currently listed as ruined. With significant renovation, it could be converted into a residential or agricultural building, suitable for storage or vehicle shelter.

The property has two wells for water supply.

Its location in one of the most productive areas of the Municipality of Vittoria, home to several farms with greenhouses, makes this property an excellent investment opportunity for agricultural operators to expand their business or start a new one with immediate financial returns.
