Spacious Apartment to Renovate with Open Views

Located on Via Giulio Aristide Sartorio, in a peaceful and highly sought-after residential neighborhood renowned for its excellent quality of life, convenient parking, and easy access to all essential amenities, we are pleased to offer for sale a spacious first-floor apartment, available for immediate occupancy.

Upon entering the property, you are welcomed by a large double living room, a bright and versatile space that can be tailored to suit your lifestyle. Ideal for both everyday family living and entertaining guests, it enjoys direct access to a pleasant terrace, providing the perfect outdoor space for relaxing.

A generous hallway connects the various rooms of the home, creating a harmonious and practical layout. It leads to a well-proportioned eat-in kitchen, designed as a comfortable space for daily living, four spacious bedrooms, and two bathrooms, ensuring a functional and well-organized floor plan.

A distinctive feature of the property is its completely open outlook, an increasingly rare characteristic that fills the apartment with natural light throughout the day. The numerous windows in every room further enhance the brightness, while some are fitted with security grilles for added peace of mind and protection.

The apartment requires complete renovation, offering the opportunity to redesign the interiors according to your own style and needs. It is an ideal choice for buyers looking to create a truly bespoke home, making the most of the generous floor area and transforming every room into a reflection of their personal taste. The property also includes a convenient private storage room (cellar). Possibility of using a shared condominium parking space, allocated on a rotating basis.

Its strategic location, excellent internal layout, generous dimensions, and exceptional natural light make this property an outstanding opportunity for large families, professionals, or anyone looking for a home with significant potential to be enhanced through a bespoke renovation project.

A property that perfectly combines space, functionality, and excellent potential for value enhancement in one of the area's most convenient and well-served residential settings.
