# Description

**Villa Golden in Porto Cervo: A Masterpiece of Luxury with Spectacular Views of the La Maddalena Archipelago**

Located in the exclusive heart of Porto Cervo, this extraordinary villa represents the pinnacle of luxury and contemporary architecture. Set within a complex of ultra-luxury villas, designed by the most famous international architects, Villa Golden stands out for its unparalleled elegance, combined with a position that offers a 360-degree view that seems to suspend the property between sky and sea, providing every day a breathtaking view of the splendid Liscia di Vacca and the archipelago of La Maddalena, with Corsica standing out on the horizon, often covered by a veil of snow in winter.

**Elegant Design and Precious Materials** This villa of 1300 square meters in total, including terraces, covered areas and gardens, is a masterpiece of design that combines aesthetics and functionality. The villa is divided into three separate bodies, all overlooking the pool and oriented towards the sea, to ensure absolute privacy and an unparalleled view from every corner of the house. The distribution concept of the villa was designed for modern living, with a clear separation between the private and common areas, so as to make the environment even more exclusive and comfortable.

**The Pool: A Jewel Nestled among the Rocks** One of the most extraordinary aspects of Villa Golden is its pool, a true work of art. Nestled among the natural granite sculptures, the pool, 25 meters long and entirely covered in marble, extends fluidly from the outside to the inside of the villa. This true corner of paradise is equipped with a heated counter-current system, perfect for a dip even on cool summer evenings, with large relaxation areas that invite you to rest and enjoy the surrounding beauty.

**Luxury Interiors: Elegance and Comfort Without Compromise** The interiors of Villa Golden are a perfect mix of timeless elegance and innovation. The internal and external flooring, made of straw-colored antique marble strips, plays with delicate shades that merge with the heart of the villa, gathering positive energy around the magnificent arabesque marble fireplace, embellished with roots and fossil shells that seem to tell an ancient story.

One of the most evocative spaces of the villa is the stazzo, completely renovated, with original 18th century Florentine terracotta flooring and centuries-old juniper beams, which belonged to a family home, giving the property a unique soul, which blends history with modern luxury.

**Distribution of Spaces: Privacy and Functionality** The villa is distributed on several levels and includes:

A large living room, with dining area and separate kitchen, where every detail is designed to offer maximum comfort and functionality. The main suite with two bathrooms, dressing room and a private terrace, for an exclusive and private living experience. On the mezzanine floor there are two major suites, each with a private bathroom and dressing room, while the stazzo houses two bedrooms with two bathrooms. The turret offers a bedroom with dressing room and bathroom, which leads to panoramic terraces and a garden-solarium perfect for enjoying the 360-degree view. A garage and two covered parking spaces complete the property, together with a wonderful private garden of 6300 square meters, a corner of uncontaminated nature that surrounds the villa. **Maximum Comfort and Security** Villa Golden is equipped with all the technological comforts to guarantee a living experience without compromises. Air conditioning throughout the house, underfloor heating and split in every room, to keep the villa perfectly air conditioned in every season. Furthermore, the property is protected by a cutting-edge alarm and fire system, to guarantee maximum security.

**Unique Location and Spectacular View** The location of the villa is simply enviable. Nestled among the natural rock sculptures, the villa offers an extraordinary view of the Costa Smeralda, with panoramas that extend to the archipelago of La Maddalena and the mountains of Corsica, making every corner of the house a unique visual experience. Access to the private beach is easy, while the proximity to the center of Porto Cervo ensures the possibility of experiencing the social life without sacrificing privacy.

**Exclusive Rental: An Opportunity Not to be Missed** Villa Golden is available for rentals of a minimum of 15 days. With its dream location, its exclusive spaces and its unparalleled comforts, it is the ideal choice for those looking for a luxury villa in one of the most exclusive places in the world. Price on request.
